- Evening bus service to Little Meadows After School & St. Molaise Afterschool in Grange

Testimonials from Parents

'When a neighbour pointed us in the direction of Carns National School two years ago we were cautious about sending our twin boys to a small school, as we were of two minds about how the boys might develop in such close proximity. Our concerns were soon dispelled! The lads have thrived and developed wonderfully. The determination of the teachers and the school community to work hard in the best interests of the students is so clear. We fell on our feet the day we enrolled our lads at this school, our boys love it and we are happy that we made the right decision for all of us!'*Martin O'Dwyer*

Our son loves Carns, and his friends and teachers there. We are delighted with everything the school provides, including its holistic pupil-centred approach, individual learning support, super new facilities, and a great balance between work and play. In the challenging circumstances of the last year, the teachers' commitment, flexibility and skill has meant that our son's experience has been really rewarding and as enjoyable as possible. There has been a very positive atmosphere throughout and he is thriving!..*Mairéad & John O'Callaghan*

'Our twins are thriving in this school and I would happily recommend it to any parent. Over 3 years the parents led a fundraising drive through the Hazelwood Haunting which was hugely successful and facilitated the school purchasing additional lands for future development of sports and recreation. The extension has been delivered (increased floor area of 66%) with a full school refurbishment and it is a credit to the teachers and the parents for their relentless commitment to the school and the community. The future is very bright for the children attending Carns School. It's definitely worth another look.*Eamon McAndrew*

'We can truly say we are so thankful to have chosen Carns NS with its wonderful dedicated teachers and pupils that have been so welcoming and friendly. Carns NS provides so many diverse learning opportunities for attaining academic skills alongside so many other important life skills, sports, art, music etc. Overall it is a very positive all round learning environment setting a solid foundation for all pupils to develop both academically and socially.....*Josephine Moore*

'Absolute gem of a school, the care and attention each and every pupil gains is immense, each child learns at their own pace in a relaxed atmosphere with fantastic role models as teachers, lots of outdoor hands on educational learning enhanced by the many educational trips the children go on. A complete holistic approach to learning! Keep up the fantastic work Carns NS!!.....*Sharon Warnock (Little Meadows)*

'Every pupil counts and the transition from primary to secondary school is made easier due to the excellent academic foundations they gain in Carns NS.*Tara Langan*

Both my children loved going to Carns - dedicated excellent teachers, every child gets encouraged to reach their full potential in the 'tailor made' teaching environment, not to mention the team spirit and friendships for life that get forged in this school that is small in size but big in heart....*Ursula O'Connor, Island View Horse Farm.*
